MILESTONE LIST

Date	31 october 2022
Team ID	PNT2022TMID16827
Project Name	Project - Visualizing And Predicting Heart Diseases With An Interactive Dash Board

Milestone Name	Milestone number	Description	Mandatory	Optional
Project start up	1	Understanding the project and brainstorming	✔	
Project sign off	2	Signing up the project and logging in to ibm cognos analytics	✔	
Understanding the dataset	3(a)	Complete look-through of dataset provided and analyzing it	✔	
Data visualization	3(b)	Using different data visualization and charts for effective result	✔	
Data analytics	4	Analyzing the data and finding commodity for the problem and figuring out a most relevant solution for solving the problem	✔	
Critical thinking	5	Answering questions that are being risen and finding a alternative solution for the problematic situations or issues		✔
survey	6	Filling a survey about heart disease and relevant data about Cardiovascular disease for better performance		✔
Design thinking	7	Coming up with a user friendly and creatively interactive design for the dashboard	✔	
implementation	8	Implementing and visualizing the interactive dashboard	✔	
Demo show case	9	Demonstration of the built so far and reviewing it	✔
